### **DATES FOR LITERACY/NUMERACY WEEK**

This week is National Literacy and Numeracy Week! There are lots of fun activities that are being planned in each classroom, as part of the weekly plan, to celebrate this annual event. While we celebrate being literate and numerate every week, this is a special week to focus on the fun we can have in learning and the celebration of what we achieve every day in our classrooms.

- Sharing your favourite story with the class
- Reading to a buddy
- Interactive websites (Mathletics and Spellodrome)
- Teachers sharing their favourite books
- Daily Maths challenges
- Dice and card games

These are just some of the activities that students will be participating in during school time. Maybe you would like to have a celebration of your own at home – try reading to each other, playing maths games and cooking a special recipe as ways of making Maths and English come alive in your home.

Happy Literacy and Numeracy Week, everyone!

Cathy Macdonald – Maths AIP Leader

Liz Hughes – English AIP Leader
